

FOR IMMEDIATE RELEASE: February 2006

## Parelli Announces New Australian Office

Horse Lovers and Enthusiasts in Australia Can Now Access  
"Pure" Parelli Natural Horse-Man-Ship®

February 2006, NSW, AUSTRALIA - Parelli Natural Horsemanship, USA announces new office in Sydney, NSW, bringing *Parelli International Savvy Club*™ membership and the world famous *Parelli Savvy System*™ brand methods of instruction and home study programs to horse lovers and enthusiasts in Australia.

As of February 1, 2006, Australians will be able to join more than fourteen thousand members in the U.S.A. in receiving monthly inspiration and support from Linda and Pat Parelli. Membership in the *Parelli International Savvy Club* provides monthly DVDs, magazines and exclusive access to a dedicated website for horse lovers wanting more information and contact with the *Parelli Natural Horse-Man-Ship* movement.

*"Our home study programs give our students the pathway to solve their problems and achieve excellence with horses,"* says Pat Parelli. *"But we can only include so much information in just one pack! The Parelli International Savvy Club was created to bring monthly information and support to fuel and accelerate the pathway for anyone desiring better relationships with horses."*

The launch of this club in Australia is an important step toward the development of natural horsemanship around the world. Club members from the U.S. and Australia will be able to communicate, share experiences and support each other in their growth as students of natural horsemanship.

*"Inspiration and support are two attributes that can make the difference in succeeding. The Savvy Club DVDs and magazines are a great source of inspiration and support. They provide the desire to go out and play and are a savvy way to obtain success!"* says a current club member.

Linda and Pat Parelli have presented before Her Majesty the Queen of England and to Olympians and World Champions in the USA and Europe. Top Thoroughbred breeders and trainers in Kentucky seek their consultation. With offices and distributors in several countries, Parelli Natural Horse-Man-Ship provides the *Parelli Savvy System* to hundreds of thousands of students worldwide. The system is so effective it has been adopted as a mandatory component of college and federation programs in both the UK and France, and is the first horsemanship program to be approved by the Colorado Board of Education.
